Household Inventory

We know how important your personal belongings are to you. That's why it's important to create and maintain an accurate household inventory.

A household inventory will help you make sure you have the right insurance coverage. And if you ever need to file a claim, all the information you need will be handy.

Just complete the following form, including the replacement cost - the current cost to replace each item - and total each room. Then, combine the totals under Household Inventory Record.

Helpful tips:

- **Keep this document in a safe place outside your home, such as a family member's home or safety deposit box.**
- **Keep a second copy in a home safe or with other important documents.**
- **Consider taking and storing photographs of high-value items.**
- **Update this inventory annually.**

These forms are also available on ERIE's Web site (www.erieInsurance.com/homeowners/homeowners-claims-checklist).

IMPORTANT:

If the amount of insurance protection on your contents is lower than the value shown, contact your ERIE Agent so your policy can be properly adjusted.
